OUR ANNUAL LICENSING and NEW YEAR'S INFORMATION ISSUES COMBINED (Fall/Winter) DIGGING DEEPER: UNDERSTANDING OUR CERTIFICATE HOLDERS AND LICENSEES

Board staff continually track, research, and analyze trends and changes in our applicant and licensing population to examine growth and achievement. Each year our fall *Bulletin* focuses on this research, which begins on page 3.

Board President's Message

Rossana D'Antonio, P.E., G.E.

Happy New Year!

2022 was a year when the world learned to live with the impacts of the COVID-19 pandemic. BPELSG was no exception. These last three years have resulted in a more resilient BPELSG as we eased back into a new normal with in-person and hybrid meetings. We have recommitted to increased equitable and accessible outreach and have resumed hosting meetings in several

regions of the state. It has been wonderful to meet some of our licensees, representatives from professional organizations, and members of the public directly on their home turf. Not to mention having the opportunity to visit areas of our beautiful California.

We have embraced technology and innovation through our continued rollout of the online application and licensing portal, *Connect*. This has allowed us to streamline the process and remain in business despite the pandemic. This year also saw the development and rollout of our new strategic plan that will serve as our roadmap for the next five years. I am very proud of this plan that is founded on stakeholder feedback and considers industry, technological, and societal changes.

In the fall, we welcomed licensing board representatives from 50 states at the NCEES Annual Meeting in Carlsbad. As a large group of 400-plus participants, we strategized on ways to address the challenges before us through increased opportunities for licensure, accessible online examinations, shared best practices, and professional opportunities.

We also bid goodbye to outgoing board members who have completed their term and welcomed incoming board members ready to serve. As a fairly new board member myself, it has been enriching to meet and acquaint myself with colleagues in person. Comprised of both professional and public members, we all bring different perspectives and life experiences to the board, making for robust and enlightened discussions. It is this diversity that makes the board a more effective governing body, and I am proud to serve California along with my colleagues.

(continued on page 2)

BULLETIN

Board President's Message (continued from page 1)

So, it is clear that 2022 was a rich and fruitful year. But 2023 is upon us with a turn of a calendar page. As we look ahead, the Board will tackle a series of projects. These include preparing for our sunset review, exploring the feasibility of a series of new objectives in our strategic plan, and living by our expanded set of values.

BPELSG will continue to promote expanded opportunities for licensure, encourage our members to stay abreast of emerging issues, and look for opportunities to increase resiliency related to the challenges before us. We will continue to advocate for legislation that provides adequate representation of our professions and protects the public we serve. Finally, we will serve in a transparent manner through expanded outreach to ensure all voices are heard with a focus on heightened customer service.

These are exciting times! 2023 represents a fresh new year bursting with opportunities to protect the health, safety, and welfare of the public. I am looking forward to rolling up my sleeves and getting to work. Welcome to the new year!

Board News

New Laws Require Applicants and Licensees to Provide Email Addresses to the Board

Effective January 1, 2023, new laws have been enacted that require applicants and licensees to provide the Board with a valid email address (if they have one) and to notify the Board within 30 days of any change of their email address.

Sections 6767, 7856, and 8753 have been added to the Professional Engineers Act, the Geologist and Geophysicist Act, and the Professional Land Surveyors' Act, respectively. Applicants are required to initially provide their email address at the time of application; licensees are required to initially provide their email address at the time of renewal. Applicants and licensees are also required to notify the Board within 30 days of any change of their email address. These sections do not require applicants and licensees to obtain an email address if they do not already have one. However, email is

the preferred method of communication because it allows for more timely communication regarding application and license status.

Furthermore, these sections make it clear that, in the interest of protecting the privacy of applicants and licensees, the email addresses provided to the Board are not considered to be public records and will not be disclosed to the public unless such disclosure is required pursuant to a court order.

Applicants and licensees are able to initially provide and to update their email addresses through the user portal in the BPELSG *Connect* system. Once the user has logged into their account, they should choose "Profile" from the dashboard and then edit the email address under "Contact Type."

Board Members

(Effective July 1, 2022–June 30, 2023)

President: Rossana D'Antonio, P.E., G.E.

Vice President: Michael S. Hartley, P.L.S.

Public Members:

Fel Amistad, Ph.D.

Duane Friel

Kathy Jones Irish

Coby King, Esq.

Total Licenses Issued

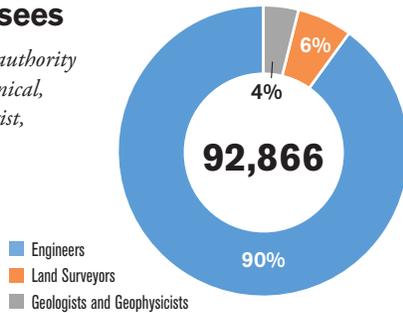

California has the most licensed engineers in the U.S. We look more closely at this population of licensed professionals in the following charts:

Note: Does not include title authority or certificate holders (geotechnical, structural, engineering geologist, and hydrogeologist).

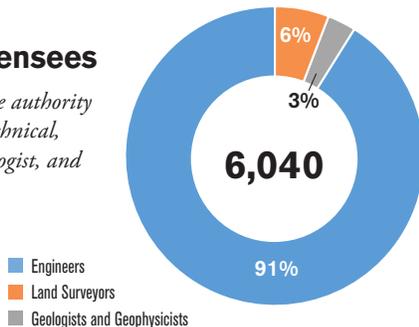

Total Active Licensees

Note: Does not include title authority or certificate holders (geotechnical, structural, engineering geologist, and hydrogeologist).

Total Retired Licensees

Note: Does not include title authority or certificate holders (geotechnical, structural, engineering geologist, and hydrogeologist).

California Licensees by State

We display the total number of California licensees on a national map. This data shows the number of out-of-state residents (by address of record state) with California licenses as of June 30, 2022. Includes all license types and certificates (exception is training certificates).

In addition, there are 1,466 licenses issued in international and U.S. territories.

ALL EVENTS HELD BY BOARD REGISTRARS

April 7: UCLA ASCE and EERI-SEAOSC: FE exam presentation. N. King, P.E.

April 26: Cal Poly Pomona: Path to PE presentation; N. King, P.E.

Apr 27: Sacramento City College: Path to PE presentation; M. Donelson, P.E. (Zoom)

April 27: Jacobs Engineering Career Network: Path to P.E. presentation; N. King, P.E.

May 10: CalCIMA: Understanding professional licensure requirements and application process in California; L. Racca, P.G., and N. King, P.E.

May 16: UC Riverside: Path to PE presentation; M. Donelson, P.E.

June 2: Monterey CLSA and ASCE presentation; R. Moore, P.L.S., and D. Sweeney, P.L.S.

June 16: San Joaquin ACEC presentation; R. Moore, P.L.S., and D. Sweeney, P.L.S.

June 23: Mechanical engineering presentation at Amazon Corp.; M. Donelson, P.E.

July 2: Cal Poly Pomona: "Role of Design Professional in Society" class about professional licensure; a presentation given each semester to the seniors; N. King, P.E.

July 21: California Department of Water Resources: "Lunch and Learn"; R. Moore, P.L.S., N. King, P.E., M. Donelson, P.E., and D. Sweeney, P.L.S.

August 17: ASCE YMF SF presentation; N. King, P.E.

September 7: BKF Engineers, Inc.: "Early Professionals Lunch and Learn," focusing on professional licensure for engineers and land surveyors; N. King, P.E., and D. Sweeney, P.L.S.

Sept 14: HDR, Inc. (virtual event for all CA offices): presentation on the "Path to Professional Licensure," focusing on the PE-Civil CBT exam and BPELSG Connect application process; N. King, P.E.

In Memoriam

In celebration of the lives and contributions of the following professionals, the Board would like to recognize professionals licensed as engineers, land surveyors, or geologists who recently passed away. This list may not include all those who have recently passed away as we rely on information from the public, other licensees, and family members. Please contact the Board regarding individuals who have recently passed.

Enforcement Actions

Citations Issued to Unlicensed Individuals: Fiscal Year 2021-22 (April-September)

Citations are an alternative to criminal prosecutions that the Board may use to enforce the laws prohibiting the unlicensed practice of engineering, land surveying, geology, and geophysics, or other activities for which a license is required. When a fine is levied with a citation, payment of the fine does not constitute admission of any violations charged but represents a satisfactory resolution of the matter pursuant to Business and Professions Code Section 125.9(d). Code sections numbered in the 6700s, 7800s, and 8700s refer to the Business and Professions Code; those numbered in the 400s and 3000s refer to Title 16 of the California Code of Regulations. You may look up the code sections and read the laws on the Board’s website, www.bpelsg.ca.gov/laws/index.shtml. All final citations are matters of public record. For a copy of the final citation order or if you have any questions, you may contact the Board’s Enforcement Unit at BPELSG.Enforcement.Information@dca.ca.gov or (916) 999-3593. Please include the name of the cited person and the citation number in your request.

Cited Person	Citation No.	Violation Code Sections	Date Final	Fine Amount	Status of Fine
CROWNHOLM, RYAN	10977-U	8792(a),(i)	9/21/2022	\$1,000	Paid
CRUZ, MARC	10872-U	6732; 6787(h)	7/28/2022	\$500	
KUEHM, KENNETH	11001-U	8792(a),(i)	4/4/2022	\$2,000	Paid

(continued on page 14)

BULLETIN

Enforcement Actions (continued from page 13)

Citations Issued to Licensees: Fiscal Year 2021–22 (April–September)

Citations are issued to licensed engineers, land surveyors, geologists, and geophysicists when the severity of a violation may not warrant suspension or revocation of the licensee’s right to practice. When a fine is levied with a citation, payment of the fine does not constitute admission of any violations charged but represents a satisfactory resolution of the matter, pursuant to Business and Professions Code Section 125.9(d). Code sections numbered in the 6700s, 7800s, and 8700s refer to the Business and Professions Code; those numbered in the 400s and 3000s refer to Title 16 of the California Code of Regulations. You may read the laws on the Board’s website, www.bpelsg.ca.gov/laws/index.shtml. All final citations are matters of public record. For a copy of the final citation order or if you have any questions, you may contact the Board’s Enforcement Unit at BPESG.Enforcement.Information@dca.ca.gov or (916) 999-3593. Please include the name of the cited person and the citation number in your request.

(continued on page 15)

Enforcement Actions (continued from page 14)

Formal Administrative Disciplinary Decisions: Fiscal Year 2021–22 (April–September)

A formal disciplinary decision is considered formal administrative disciplinary action against a licensee. It results from the Board’s adoption of a proposed decision prepared by an administrative law judge following a hearing, a stipulated settlement agreement, or a default decision following a full investigation and the filing of an accusation. An accusation is a formal legal document that notifies a licensee of the Board’s charges and allegations of violations against the licensee and that requests a disciplinary order be issued. The licensee is entitled to contest the charges at a formal hearing before an administrative law judge or to agree to a stipulated settlement. A final disciplinary decision contains findings and determinations or statements of advisements, waivers, and culpability and a disciplinary order. If there are findings of violations, the order may include revocation or suspension of the license, a stayed revocation or suspension of the license with a probationary period and terms and conditions of probation, or a public reproof. In the alternative, the decision may find that no violations or violations of a *de minimus* nature occurred and order the dismissal of the accusation. All final disciplinary decisions are matters of public record. For a copy of the final decision or if you have any questions, you may contact the Board’s Enforcement Unit at BPESG.Enforcement.Information@dca.ca.gov or (916) 999-3593. Please include the name of the respondent and the case number in your request.

Respondent	Case Number	Effective Date	Disciplinary Order
ABEID, JOHN	1253-A	4/7/2022	Voluntary Surrender of License
CAMPBELL, JOHN	1271-A	9/22/2022	Revocation of License
DURAND, PAUL	1250-A	7/28/2022	Voluntary Surrender of License
GALLARDO, ROBERT	1254-A	9/22/2022	Public Reproof
GILBERT, WESLEY	1257-A	7/28/2022	Revocation, Stayed; Probation
GILLESPIE, PAUL	1163-A	6/2/2022	Revocation of License
HAVRIKESKO, JON-BARRETT	1276-A	9/22/2022	Public Reproof
MAYER, BERNHARD	1222-A	6/2/2022	Revocation, Stayed; Probation
SEPULVEDA, NOE	1258-A	4/7/2022	Revocation of License
STURGIS, TERRY	1120-A	6/2/2022	Revocation of License

Board Speakers Available

The Board continues its efforts to reach out to groups interested in any of the broad array of Board functions. As part of this outreach effort, we have speakers available to present at meetings and events. Speakers include Executive Officer Ric Moore, P.L.S.; Assistant Executive Officer Nancy Eissler; Enforcement Manager Tiffany Criswell; Senior Engineering Registrars Natalie King, P.E., and Mike Donelson, P.E.; Senior Land Surveyor Registrar Dallas Sweeney, P.L.S.; and Senior Geology Registrar Joshua Goodwin, PG, CEG.

Our Enforcement, Licensing, Examination, and Outreach units all have speakers authorized to represent the Board. To request a speaker, we will need the following information: size of group, location, time, length and type of presentation, and proposed subject matter. Appropriate advance notice is always appreciated. Current and former Board members may also appear on the Board's behalf, depending on availability.

For more information, contact Board Outreach Coordinator Brooke Phayer at Brooke.Phayer@dca.ca.gov.

BOARD FOR PROFESSIONAL ENGINEERS, LAND SURVEYORS, AND GEOLOGISTS

BULLETIN

Social Media: The Board Facebook and Twitter Pages

The Board is asking for your help in getting the word out regarding the launch of its Facebook and Twitter pages. The Board is now posting information of interest to postsecondary institutions and students on a regular basis. This information includes regulatory changes, updates to our website, interesting articles, useful resources, and a host of other Board-related data.

For those institutions that communicate with students through email or some other means, we invite you to share this information with them. The Board is anxious to use these social media outlets as an ongoing way to reach our stakeholders. Thank you for your assistance in spreading the word.

Please take a few minutes to like us on Facebook and follow us on Twitter:
